Percentage: 89%

SKILLS

Technical Skills
Programming Languages: Core Java, SQL, HTML, CSS, JavaScript
Databases: MySQL

Soft Skills
Creative, Quick Learner, Communication Skills

WORK EXPERIENCE

Java Programming Intern (Virtual)   Feb 2024 - March 2024
Dakshabhi IT Solutions Private Limited, Pune

- Designed and Developed a **Banking Application** using **Java, MySQL database and Swing GUI**.
- This project involved database handling and creating a user-friendly interface, which helped me to understand all the concepts better and gain hands-on experience.

PROJECTS

Dynamic Portfolio
Created a portfolio website to display projects, skills and certifications using **HTML, CSS and JavaScript** in **VS Code**. Included a responsive design and an interactive slideshow for hobbies. (GitHub)

SecureLogin
Created a Secure Login application in **Eclipse** using **Java, Swing and MySQL**, with user registration and email notifications. The app validates inputs, hashes passwords, hides phone numbers and ensures essential fields are filled. Ongoing improvements are in progress. (GitHub)

CERTIFICATIONS

- **Introduction to JavaScript** by Great Learning
- **Copyright** on topic: My Personalized Calligraphy
- **Certified Java and J2EE Developer** by Edureka

HOBBIES

Sketching, Listening to Music
